

Welcome to Bitcasa

Never run out of space on your computer or phone again.

Mirror all your computers to Bitcasa for automatic backup and access anywhere.

Access all your pictures, videos, music, and docs on your phone and tablet.

Bitcasa Infinite Drive

Your external hard drive in the cloud.

Drag and drop files and folders to your Bitcasa just like any external hard drive. Bitcasa never runs out of space and files moved here don't take up space on your computer. All your files are available on any computer.

Mirror Your Computers to Bitcasa

Access and backup all your computers, anytime.

Your files stay right where they are on your computer, and mirror to Bitcasa. Your files are still available when you are offline, and they automatically sync up when you are back online.

Instant Access and Share

Access all your files, anywhere.

Listen to your music, watch videos, view your photos and documents on your mobile phone, tablet, and on the web. You can share files and folders of any size instantly with friends and family.
